

A special U. S. Department of Labor bureau assists veterans in the exercise of their reemployment rights and job rights. An apprenticeable occupation is one which requires 4000 or more hours to learn, the U. S. Bureau of Apprenticeship says.

Some merchants claim ignorance of price ceiling laws. Such laws have been in effect for a considerable period, and the plea of ignorance nowadays does not have the standing it did at the start of the anti-inflation program. By now, businessmen have had an opportunity to learn the regulations and understand how they apply to their particular business.

there were 53,598 Democratic votes and 21,138 Republican votes. However, all Republican candidates added together with the Finch vote on both tickets polled a total of 47,083. "We can all must win the Republican votes cast for King over to our side," said Selover, "and in so doing we will win in November."

He pointed out that a solid "Democrats for Finch" organization already has been formed, and that veterans are anxious to support a man who has served his country in the armed forces.

will have a tremendous surplus, and Drala told the Council a year ago the surplus reflected 27 cents per \$100.00 assessed valuation, or about \$132,000 for the general fund alone.

This year, according to the City Manager, the budget will be about \$950,000.
